

DANIEL H. BAUER JOINS ACUTECARE TELEMEDICINE ADVISORY BOARD

February 23, 2012 – Atlanta, GA: [AcuteCare Telemedicine](#) (ACT) announces the addition of Daniel H. Bauer as a member for the ACT Board of Advisors. Bauer's extensive C-level experience as a CFO with a diverse portfolio of companies and status as a Certified Public Accountant will guide the business with sound advice.

Bauer, a graduate of the University of Tennessee and Emory University, is presently serving as Chief Financial Officer of CardioMEMS, a medical device company that has developed and is commercializing a proprietary wireless sensing and communication technology for the human body.

After beginning his career in public accounting at Price Waterhouse, Bauer also previously served as the Chief Financial Officer for Industriaplex, Granite City Food and Brewery (NASDAQ: GCFB), and Church's Chicken, the largest division of AFC Enterprises (NASDAQ: AFCE), which was acquired by Arcapita.

Bauer is currently a board member of the Association for Corporate Growth and a member of the advisory board of Emerge Scholarships. He was a recipient of a Delaney Consulting 2011 excellence in Finance and Accounting Award and a finalist for the *Atlanta Business Chronicle* CFO of the year in 2010.

"Mr. Bauer's track record is indicative of his knowledge and commitment to building strong businesses," says Matthews Gwynn M.D., Partner, ACT. "We are fortunate to have the luxury of Mr. Bauer's perspective when weighing important decisions. The scope of his experience will be invaluable to keeping AcuteCare Telemedicine on track as we continue to grow the business in 2012."

About AcuteCare Telemedicine

Founded in 2009, AcuteCare Telemedicine is a limited liability corporation advancing the opportunity for healthcare institutions to gain access to highly-respected, expert neurologists and telemedicine technologies. AcuteCare offers a range of services including first-rate neurological emergency response care with around-the-clock support and hospital accreditation education. AcuteCare primarily provides remote emergency neurology consultation which fills staffing needs and reduces the costs associated with 24/7 neurologist availability. As a result, healthcare institutions provide full service emergency neurology care and can earn Joint Commission Certification as a Primary Stroke Center.
